DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in-

(1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or

(2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

2. Claims 1-7 and 9-28 are rejected under 35 U.S.C. 102(e) as being anticipated by Huey (6283840).

Huey discloses a system having a polishing pad (54), a spray element (72), shields (60 and see fig.4), and pressure between (10 to 60 psi see col.4, line 24).

In regard to the the method claims, the method is merely the natural use of the claimed apparatus.

3. Claims 1-13, 18-21, and 23-28 are rejected under 35 U.S.C. 102(e) as being anticipated by White (6475070).

Art Unit: 3723

White discloses a system having a polishing pad (54) and a polishing belt (110), and a spray element (52).

In regard to the the method claims, the method is merely the natural use of the claimed apparatus.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Chamberlin et al, Neese et al, Kimura et al, and Mullins discloses a device which could have been applied in 102 rejections against atleast claims 1, 11, 18, and 23 .
